Season 3 Episode 76 - Reading For Nicky

A Spirit Connection Across Generations: A Reading for Nicky

Hello and welcome to Mediumship Matters with me, Hannah Macintyre! This episode is an unedited mediumship reading I did for Nicky—a fascinating session where she wanted to hear from her grandmother, whom she never met, but her father stepped forward instead.

This reading explores the complexity of spirit communication, how relationships can shift after someone passes, and the profound healing that can come from hearing from loved ones on the other side. Listen in, and let me know your thoughts!

Key Moments & Takeaways:

- **Spirit Chooses Who Comes Through:** Nicky wanted to connect with her grandmother, but her father stepped in first. He had a difficult relationship with Nicky in life, but from the spirit world, he came forward with love, healing, and acknowledgment of past mistakes.
- **A Father's Regret & Growth in Spirit:** In life, Nicky's father struggled with mental health, trust issues, and alcohol problems, creating distance between them. But from spirit, he was able to express his love and deep regret for missed moments, offering her the validation she never received in life.
- **Evidence of Spirit Communication:** Her father's personality came through strongly—his humour, stubbornness, and even his struggles. He acknowledged his passing was sudden, his resistance to seeking medical help, and his reluctance to accept support in life.
- **Ancestral Presence & Family Bonds:** Nicky's grandmother, whom she never met, also stepped forward, bringing her strong-willed and loving energy. She confirmed details about family heirlooms, past traditions, and her protective presence around Nicky's mother.
- **Signs from Spirit:** Nicky had been experiencing her candle and incense being mysteriously blown out—something her grandmother confirmed as her way of making her presence known!
- **A Special Message for a Fur Baby:** Nicky's beloved dog, whom she had to make the heartbreaking decision to put to sleep, also came through, confirming they are safe, happy, and still around her in spirit.

The Beauty of Mediumship:

- This reading was a powerful example of how loved ones in spirit can bring forward messages of love, accountability, and reassurance. It also highlights how sometimes, the spirits we least expect step forward first, reminding us that healing and connection transcend the physical world.

Final Thoughts & Listener Takeaway:

- Spirit communication isn't always straightforward, but it's always meaningful.
- Loved ones in spirit can continue to grow, reflect, and offer healing messages.
- Spirit gives signs—if you've been noticing small, unexplained occurrences, pay attention!

Nicky later followed up, confirming that her grandfather had served in the Royal Air Force and validating much of the evidence. Some pieces are still a mystery—just as mediumship should be!

Thank you, Nicky, for sharing this experience. And thank you all for listening!
